Drivetrain

Front-Wheel Drive (FWD)

Safety

Toyota Safety Sense™ 3.0³

The vehicle and/or its accessories may not be available in US Virgin Islands. The Audio Multimedia System is available only on selected Toyota 2018 models and forth.

More powerful and efficient

This Camry is Toyota's first sedan powered by the combination of a 2.5-liter, 4-cylinder engine, and Toyota's 5th Generation Hybrid System (THS 5). You'll enjoy greater fuel efficiency, with the power of up to 225 net combined horsepower (HP)¹ with Front-Wheel Drive (FWD).

Exceptionally smooth ride

Experience greater stability and confidence behind the wheel with its enhanced suspension and redesigned braking system. Driving is comfortable, agile, and exciting, with improved responsiveness. Curvy roads? No problem!

Panoramic sunroof

For the first time in a hybrid Camry, the XLE and XSE models have a tilt-and-slide panoramic sunroof with retractable electric sunshade. You can choose from fresh breeze, sunset light, or shooting stars.

New look and unique style

The redesign of the Camry results in sleeker and more athletic forms. Its wide and low stance, and defined roofline with bold body colors, will turn heads everywhere. The Camry XSE stands out with its 19-in black aluminum wheels with a smoked gray finish and a mesh grille in the same color.

1. Ratings earned on premium unleaded gasoline with an octane rating of 91 or higher. Vehicle performance will decrease if premium fuel is not used.
2. EPA-estimated 53 city/50 hwy/51 combined mpg rating for 2025 Camry LE; 51 city/49 hwy/50 combined mpg rating for 2025 Camry LE AWD; 48 city/47 hwy/47 combined mpg rating for 2025 Camry SE, XLE and XSE; 46 city/46 hwy/46 combined mpg rating for 2025 Camry SE AWD and XLE AWD; 44 city/43 hwy/44 combined mpg rating for 2025 Camry XSE AWD. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. See www.fueleconomy.gov.
3. Drivers should always be responsible for their own safety when driving. Please, always pay close attention to your surroundings and drive safely. Toyota Safety Sense effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for additional limitations and details.
4. Specifications and standard or optional equipment are based on the information available at the time of programming this website and may change without prior notice. Some models illustrated are shown with optional equipment that involves extra costs and are subject to availability.

The color of the vehicle body may be different from the illustrations presented in this website. Not all color combinations apply to all models. For more details on other options, specifications, and accessories, contact your nearest authorized Toyota dealer.

Fuel Price and Traffic Apps included in Toyota Entune App Suite 3.0, are not available in Puerto Rico and the US Virgin Islands.

Toyota Safety Connect, Destination Assist, Remote Connect and Service Connect are not available in the US Virgin Islands.

Wi-Fi and Dynamic Navigation are not available in Puerto Rico and the US Virgin Islands.

5. Toyota de Puerto Rico, Corp. is the authorized dealer of Toyota vehicles in Puerto Rico and the United States Virgin Islands. Toyota authorized dealers are commercial entities separate from Toyota de Puerto Rico, Corp. Specifications and standard or optional equipment are based on the information available at the time of programming this website and may change without prior notice. Some models illustrated are shown with optional equipment that involves extra costs and are subject to availability. The Total Suggested Retail Price, or "TSRP" includes taxes and the Delivery, Processing and Handling Fee. (Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyota's charge for these services is called the "Delivery, Processing and Handling Fee" and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyota's overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee.) Excludes license, title and available or regionally required equipment. For more details on other options, specifications and accessories, contact your nearest authorized Toyota dealer.

6. MPGe is the EPA equivalent of gasoline fuel efficiency for electric mode operation. Battery capacity will decrease with time and use. See www.fueleconomy.gov
7. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their *Maintenance Guide*. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in U.S. Virgin Islands and Puerto Rico.
8. ToyotaCare covers normal factory scheduled maintenance for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their *Maintenance Guide*. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in U.S. Virgin Islands and Puerto Rico.
9. Automatic High Beams operate at speeds above 21 mph. See Owner's Manual for instruction and limitations.
10. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details.
11. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding your vehicle. Look around to confirm clearance. See Owner's Manual for limitations.
12. Digital Key function requires Remote Connect trial or subscription. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Digital Key also requires Bluetooth® connectivity. Service may vary by vehicle and region. Requires app download and registration/subscription after trial (if applicable). Terms of Use apply. Data charges may apply. Remote start/stop not available on manual transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Toyota Owner's Manual and at <https://www.toyota.com/connected-services/> for additional details. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>
13. Use only if aware of circumstances surrounding vehicle it is legal safe to do so (e.g., do not remotely start a gas engine vehicle in an enclosed space or if vehicle is occupied by a child). Remote Connect depends on certain factors outside of Toyota's control in order to operate, including 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Services subject to change at any time without notice. Digital Key also requires Bluetooth® connectivity. Remote start/stop not available on manual transmission-equipped vehicles. Remote Connect is included with select paid Connected Services packages. See your Toyota dealer for details. Terms of Use apply. Data charges may apply. See Owner's Manual and www.toyota.com/connected-services/. For Toyota's Connected Services data collection, use, sharing and retention practices, please visit <https://www.toyota.com/privacyvts/>
14. May not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like models.
15. Rated for 12 volts/10 amps. See Owner's Manual for additional limitations and details.
16. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns.
17. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation.
18. When the system is on, Electric Parking Brake (EPB) is designed to engage the Parking Brake under limited conditions. It may not hold the vehicle under all conditions. See Owner's Manual for additional limitations and details.
19. When the system is on and the vehicle is in Drive, Brake Hold may temporarily keep the brakes engaged after the driver brings the vehicle to a complete stop. See Owner's Manual for limitations.
20. JBL® is a registered trademark of Harman International Industries, Inc.
21. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. The Bluetooth® word mark and logos are registered trademarks of Bluetooth SIG, Inc. Use of such marks by Toyota is under license.
22. Safety Connect® depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Some features may require the Toyota app. Registration required. Subscription required after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. Service may vary by vehicle and region. See usage precautions and service limitations in Owner's Manual.
23. Requires cellular network availability, a cellular connection and GPS signal. May not work in all areas. Service may vary by vehicle and region. See Toyota dealer for details and exclusions.
24. Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Brand Engagement Center at 1-800-331-4331.
25. A Safety Connect® trial is included for up to 10 years on select vehicles with paid Connected Services packages. See your Toyota dealer for details. 4G network dependent.
26. Service Connect depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Toyota's control, which can limit functionality or availability. Service may vary by vehicle and region. Registration required. Service subject to change at any time without notice. Terms and conditions of subscription service agreement apply. See usage precautions and service limitations in Owner's Manual for additional details. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the respective trial period expires, enrollment in paid subscription is required to access the service.
27. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Toyota's Remote Connect depends on an operative telematics device, a cellular connection, GPS signal strength and other factors outside of Toyota's control, which can limit system functionality and availability. Service may vary by vehicle and region. Registration and Toyota app download required. Subscription required after trial. Terms of Use apply. Data charges may apply. Remote start/stop not available on manual-transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Owner's Manual for additional details.
28. Drive Connect availability and accuracy depend on certain factors outside of Toyota's control in order to operate, including 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data charges may apply. See Owner's Manual and <https://www.toyota.com/connected-services/> for limitations. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, visit <https://www.toyota.com/support/privacy-rights/>

29. The backup camera does not provide a comprehensive view of the rear area of the vehicle, and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.
30. Front and Rear Parking Assist with Automatic Braking (PA w/AB) may warn drivers of, and potentially brake for front and rear collisions with certain objects when traveling at low speeds. Drivers should visually confirm clearance during use. See Owner's Manual for instructions and limitations.
31. Lane Change Assist operates only when Dynamic Radar Cruise Control (DRCC) and Lane Tracing Assist (LTA) are activated. Do not overly rely on this system. Driver must confirm lane is clear. See Owner's Manual for limitations.
32. Do not rely exclusively on the Rear Cross-Traffic Braking. Visually confirm clearance during use. See Owner's Manual for limitations.
33. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian and weather, light and road conditions. See Owner's Manual for additional limitations and details.
34. Proactive Driving Assist (PDA) is designed to detect certain objects or curves in the road and provide gentle braking and/or steering support. PDA is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of detected objects and weather, light and road conditions. See Owner's Manual for additional limitations and details.
35. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions and provide visual and audio alerts if it detects inadvertent lane departure. It is not a system that prevents collisions nor does it substitute safe and alert driving. Its effectiveness is dependent on many factors. Consult the Owner's Manual for details.
36. Automatic High Beams work when the car is driven at speeds greater than 21 miles per hour. Certain factors such as dirty windshield, weather, natural light and the terrain may limit its efficacy, requiring that the driver operate the high beams manually. Consult the Owner's Manual for more details.
37. Full-Speed Range Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See Owner's Manual for additional limitations and details.
38. The Rear-Seat Reminder does not sense objects in the rear seat. The Rear-Seat Reminder is designed to recognize a unique rear-door opening pattern that may be consistent with an object being placed in the rear seating area. See Owner's Manual for additional details.
39. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details.
40. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details.
41. Vehicle Stability Control is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and steering input can affect whether VSC will be effective. See Owner's Manual for limitations.
42. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details.
43. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details.
44. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.
45. EV Mode lets you operate solely on battery power at low speeds for short distances and in limited circumstances, such as in a parking garage. Different conditions may prevent or limit usage. See your Owner's Manual for instructions and limitations.
46. Specifications and standard or optional equipment are based on the information available at the time of programming this website and may change without prior notice. Some models illustrated are shown with optional equipment that involves extra costs and are subject to availability.
